PROPERTY OWNERS ASSOCIATION

## Hurricane Season Reminders for Xanadu Homeowners

With two months left in the typical Hurricane season, planning and preparing is always top of mind to ensure our safety and recovery from a hurricane. Recovering quickly from such an event requires preparedness, advanced planning, and knowing what to do in the event of a significant storm or major hurricane.

If you have not already done so, please use the links below to access the Town of Jupiter's website to review the Storm Information section which contains valuable information for before, during and after a storm, and obtain the Official Palm Beach County Hurricane Planning Guide.

Included with this letter is the Hurricane Safety Checklist from the American Red Cross. This is a concise list for you to use from beginning-to-end from preparing your home, to procuring supplies and what to do after the storm.

Please utilize the checklist and refer to the hurricane guide to keep you, your loved ones, your neighbors, and your home protected and safe.

It is also a good idea to review your homeowner's insurance policy to ensure you have the proper coverage. Also make sure to keep your policy with the other important documents you need to keep safe and have available after the storm.
